

Huntsville Hospital's Corporate University and the TOC Foundation present

2010 BEST PRACTICE IN ORTHOPAEDICS

Saturday, January 23rd, 2010

from 7:30am-3:40pm

at Huntsville Hospital's Dowdle Center
at 109 Governors Drive
in Huntsville, Alabama

Featuring Keynote Speaker

Dr. James DeOrio

Orthopaedic Surgeon

AGENDA

Please join Huntsville Hospital's Corporate University in conjunction with TOC Foundation for a one-day **Best Practice in Orthopaedics Conference** on Saturday, January 23, 2010.

This conference is chaired by Dr. Louis Horn and Dr. Calame Sammons. Dr. Louis G. Horn is board-certified in orthopaedic surgery. He specializes on joint replacement, knee and shoulder, general orthopaedics. Dr. Calame Sammons is board-certified by the American Board of Orthopedic Surgery. He is fellowship trained in Spinal Surgery from the University of Toronto. As a board-certified surgeon, Dr. Sammons serves as team physician for Huntsville High School, and is a member of the UAH volunteer faculty.

Conference will be held at Huntsville Hospital's Corporate University In The Dowdle Center, located at:

109 Governors Drive • Huntsville, AL • 256-265-8025

(Parking will be available at the corner of Longwood Dr. & Harvard Street. A complimentary Shuttle will provide transportation).

7:30am–8:00am

Registration, Breakfast, & Vendor Booth Exhibits

8:00am–8:45am

KEYNOTE: **Total Ankle Replacement: State of the Art 2009**
KEYNOTE SPEAKER: James DeOrio, MD from Duke University

JOINT CHAIR: Louis Horn, MD

SPINE CHAIR: Calame Sammons, MD

8:50am–9:20am

Current Trends in Pediatric Orthopaedics
Michael G. Lawley, MD

Overuse: Pediatric Sports Injuries
Stanton B. Davis, MD

9:30am–10:00am

Challenges with Pediatric Orthopaedic Patients
Steven L. Buckley, MD

Non-Surgical Interventions for Young Adults
Brian R. Carter, MD

10:10am–10:40am

Upper Extremity Arthroplasty
Philip A. Maddox, MD

Shoulder Care for Prime of Life into Aging
John J. Greco, MD

10:50am–11:20am

Anterior Hip Fractures
David B. Griffin, MD

Understanding the Athlete's Spine
Larry M. Parker, MD

11:20am–11:40am

- Box Lunch Provided for Attendees & Visit Vendor Booth Exhibits -

11:40am–12:20pm

LUNCH PANEL DISCUSSION: **Orthopaedic Interventions for Sports Injuries in the Prime of Life**
INCLUDING: Ginger K. Bryant, MD; Michael W. Cantrell, MD; Matthew J. DeOrio, MD; & Morris B. Seymour, MD

12:30pm–1:00pm

Managing Knees through Mid-life
W. Allen Goodson, MD

Non-Surgical Interventions for Lower Back
Craig E. Lincoln, MD

1:10pm–1:40pm

Spinal Deformity
Brian M. Scholl, MD

Managing Joint Health through Mid-Life
Mark A. Leberte, MD

1:50pm–2:20pm

Surgical Interventions for the Aging Hip
Howard G. Miller, MD

The Ankle Sprain That Will Not Get Better
Matthew J. DeOrio, MD

2:30pm–3:00pm

The Mature Shoulder
Ray A. Fambrough, MD

Challenges for Anticoagulant Use with the Aging Patient
Ramann Nallamala, MD

3:10pm–3:40pm

PANEL DISCUSSION: **Management of Orthopaedic Issues through the Aging Process**
INCLUDING: Brian R. Carter, MD; Joseph W. Clark, MD; Ray A. Fambrough, MD; Louis G. Horn, MD; & F. Calame Sammons, MD

OBJECTIVES

- Discuss new research findings in treating orthopaedic patients, such as shoulder, hand, knee, and hip surgeries; hip replacement surgery and pelvic fractures.
- Apply current practice guidelines to anticoagulants and DVT/PE.
- Examine special considerations in pediatric orthopaedics.
- Interpret changes in treatment of athletic/sports injuries.
- Evaluate advances in minimally invasive joint surgeries.
- Describe new advances in spinal surgeries, artificial discs, and ankle surgery.
- Review invasive vs non-invasive spine treatments.
- Review special considerations for management of orthopaedic issues with the aging process.

**Keynote Speaker**

Dr. James DeOrio is a board-certified orthopaedic surgeon, specializing in the surgical treatment of injuries and conditions of the foot and ankle. He currently holds teaching positions as Associate Professor of Orthopedics at Duke University Medical Center, as Associate Professor at Mayo Clinic College of Medicine, and as Clinical Assistant Professor at F. Edward Hebert School of Medicine. He also has held chair positions in Orthopedics at David Grant USAF Medical Center, Travis Air Force Base, United States Air Force, California; as well as acting as a consultant to the Surgeon General on behalf of the United States Airforce. In addition to these credentials, Dr. DeOrio has been widely published in many leading medical journals.

Dr. Ginger K. Bryant is a board-certified orthopaedic surgeon. She specializes in the treatment of all musculoskeletal problems affecting bones, cartilage, joints, muscles, tendons and ligaments.

Dr. Steven L. Buckley is certified by the American Board of Orthopaedic Surgeons. His interests and areas of expertise include scoliosis, cerebral palsy, spina bifida, sports injuries, fractures, clubfoot deformity, hip dysplasia, and limb length discrepancy.

Dr. Michael W. Cantrell is board-certified in orthopaedic surgery and a member of the American Academy of Orthopaedic Surgeons. He specializes in the treatment of all musculoskeletal problems affecting bones, cartilage, joints, muscles, tendons and ligaments. These include fractures, arthritis, shoulder and knee disorders, joint replacement, and injuries of the hand, wrist and elbow.

Dr. Brian R. Carter is board-certified in Physical Medicine and Rehabilitation. He specializes in the diagnosis and non-surgical treatment of soft tissue, neuromuscular and musculoskeletal disorders including carpal tunnel syndrome, tendonitis, sports injuries, workers comp injuries and general rehabilitation.

Dr. Joe Clark is board-certified in orthopaedic surgery. He is dedicated to relieving people from the pain of hand problems, including carpal tunnel syndrome, wrist pain and arthritis.

Dr. Stanton B. Davis is board-certified in orthopaedic surgery and sports medicine. He has a special interest in shoulder and knee surgery. He has served as team physician and consultant for notable professional and collegiate sports teams, including the San Francisco 49'ers and several U.S. Olympic athletes.

Dr. Matthew J. DeOrio is board-eligible in orthopaedic surgery and specializes in the medical and surgical treatment of injuries, diseases, and other conditions of the foot and ankle including bones, cartilage, joints, muscles, tendons and ligaments.

Dr. Ray A. Fambrough specializes in arthroscopic shoulder reconstruction and repair, and has specialized training in arthroscopic reconstruction of the knee and autologous chondrocyte transplantation.

Dr. Allen Goodson is board-eligible and specializes in Orthopaedic surgery. He specializes in the prevention, diagnosis, and treatment of musculoskeletal disorders. His special interests are in arthroscopy, reconstruction of the shoulder and knee and joint replacements.

Dr. John J. Greco is board-certified in orthopaedic surgery and specializes in arthroscopic and open reconstruction of the knee and shoulder and the Oxford™ partial knee replacement.

Dr. David B. Griffin is board-certified in orthopaedic surgery and has completed fellowship training in orthopaedic hip and pelvis replacement and reconstruction. His goal is to provide comprehensive care for severe injuries.

Dr. Michael G. Lawley is board-eligible in orthopaedic surgery, specializing in pediatric orthopaedics, including sports injuries, fractures, growth plate injuries, scoliosis, cerebral palsy, spina bifida, clubfoot deformity, hip dysplasia, and limb length discrepancy.

Dr. Mark A. Leberte is board-certified in orthopaedic surgery. He offers advanced surgical procedures to preserve function and relieve pain in young and elderly patients. In addition to fracture care, Dr. Leberte provides general orthopaedic surgical care including joint replacement surgery.

Dr. Craig E. Lincoln is board-certified by the American Board of Physical Medicine and Rehabilitation. He specializes in non-surgical treatment of the spine and received special training in cervical, thoracic, lumbar spine and spinal injections, as well as EMG and nerve conduction studies.

Dr. Philip A. Maddox's practice has centered primarily on the problems of the upper extremity (shoulder to fingertips) including those caused by trauma, arthritis, vascular disease, neurological disease or birth defects.

Dr. Howard G. Miller is board-certified by the American Board of Orthopaedic Surgery, and received his MD at the University of Alabama, School of Medicine in Birmingham, Alabama. Dr. Miller was instrumental in bringing the Joint Camp concept to the Huntsville, Madison County area.

Dr. Ramann Nallamala is board-certified by the American Board of Internal Medicine and practices Internal Medicine, with a focus in anticoagulation therapies.

Dr. Larry Parker is board-certified by the American Academy of Orthopaedic Surgeons, and fellowship trained in spinal reconstructive at the John Hopkins Hospital in Baltimore, Maryland.

Dr. Brian M. Scholl is board-certified with the American Board of Orthopaedic Surgery. He received his medical training at the Emory University School of Medicine in Atlanta, Georgia and his residency training at the University of Alabama School of Medicine in Birmingham, Alabama.

Dr. Morris B. Seymour specializes in the diagnosis and surgical treatment of disorders of the neck and lumbar spine. Dr. Seymour provides minimally invasive procedures for neck and back pain, sciatica, disc herniation, spondylosis and treatment of cervical thoracic, lumbar injuries and disorders. Also involved in ongoing research, with particular interest in artificial disc replacement.

Course Number: CE21061009

- 7.1 credit hours for ABN
- 7.1 credit hours for Respiratory Therapy
- 7.1 credit hours for Physical Therapy
- 6.0 credit hours for ASNA
- 6.0 credit hours for Social Worker
- 6.0 credit hours for NATABOC
- 4.75 credit hours for ASRT

Course Number: CME2461009

Huntsville Hospital designates this educational activity for a maximum of **6.0 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity. Huntsville Hospital is accredited by the Medical Association of the State of Alabama to provide medical education for physicians. **DISCLOSURE:** Any educational grant for a CME activity will be prominently and clearly disclosed in advance to participants. Huntsville Hospital has implemented a process for obtaining disclosure of all relevant financial relationships with any commercial interest by those in a position to control an education activity's planning, approval or content. The intent of disclosure is not to prevent a speaker with a relevant financial or other relationship from making a presentation, but rather to resolve any conflicts prior to the CME activity so the learner may participate in a balanced, unbiased CME event.

Huntsville Hospital is a Board approved provider of continuing nursing education in Alabama by the Alabama Board of Nursing. Our approval status is valid through December 12, 2013. Provider Number: ABNP0278. This activity is approved for nurse practitioners. Huntsville Hospital is an approved provider by the Alabama State Nurses Association. Our provider number is 5-119; it expires 01/28/2011.
